**DiTEC MVP** is a superior and long lasting protectant specifically formulated to safeguard boats and boat equipment against the damaging effects of dirt, oil, water and UV exposure.

**COST & PERFORMANCE**

- One-step application significantly reduces surface maintenance.
- Protects surfaces and keeps them looking newer, longer.
- Leaves a non-greasy finish.
- Preserves and protects for up to 3 months.

**USE & APPLICATION**

- Vinyl
- Canvas
- Upholstery
- Water-sensitive fabrics

**PRODUCT SPECIFICATION**

Appearance: Clear liquid  
Solubility: Not water soluble  
pH: n/a

**SUGGESTED APPLICATION/DIRECTIONS**

MVP is ready to use. Does not enhance shine or gloss of surface. Always test product on inconspicuous area prior to full surface application.

Out of direct sunlight, spray MVP evenly and directly onto a dry and cleaned surface. Let dwell on surface for 5-10 minutes (but do not let completely dry), then very lightly and evenly wipe away excess with a clean microfiber cloth. To maintain protection, apply as needed.

**SIZES**

Quart (32 oz) Trigger Spray
